

# Susant Kumar

UX/UI Designer & Frontend Developer

susantnaman@gmail.com | +91 8420012233 | linkedin.com/in/susant-kumar-510687356 | github.com/susantkumar

## SUMMARY

Aspiring UX/UI designer and frontend developer with a user-centered design mindset and hands-on experience building intuitive interfaces with React and Tailwind CSS. Curious about human-centered design in AI-driven products — demonstrated by shipping an end-to-end AI-powered career platform. Seeking a UX/UI-focused role to deepen expertise in design systems, prototyping, and data-informed design.

## EDUCATION

### Bengal Institute of Technology (Techno India Group)

Bachelor of Technology (B.Tech) in Information Technology

## PROJECTS

### TalentForge

Apr 2026 — Present

AI Mock Interview & Resume Optimization Platform

- User-centered workflows for resume analysis and mock interviews
  - Dynamic AI interviews with adaptive questioning and real-time feedback
  - Resume validation, multi-format extraction, and attempt tracking
  - Optimized resume downloads tailored to specific job roles
- Tech:** React, TypeScript, Node.js, Python, MongoDB, Groq AI, Tailwind CSS, WebSockets

### Raw Power Athletics

Aug 2026 — Present

Interactive Athletic Training Web App

- Express + SQLite backend for training data
  - Interactive 3D visualizations with Three.js
  - Responsive CSS, HTML, and JS across desktop and mobile
- Tech:** Express, SQLite, Three.js, HTML, CSS, JavaScript

## SKILLS

**Design:** Wireframing, Prototyping, User-Centered Design, User Flow Mapping, Visual Composition  
**Frontend:** React, TypeScript, Java, Tailwind CSS, HTML, CSS  
**Backend:** Node.js, Python, MongoDB, MySQL, REST APIs, WebSockets  
**Tools:** Git, GitHub, Three.js, Groq AI, Vite

## AWARDS & HACKATHONS

**Finalist** India Innovates 2026 — National-Level Hackathon

**Participant** Machine Learning Hackathon — IIT Bhubaneswar

**Participant** Project Horizon: GPAI Case Competition — IIT Madras

**Participant** HackWithUttarPradesh 2025 — Chandigarh University
